

# WHAT IS COVERED

## IMPORTANT INFORMATION

### Black Horse Motor Warranty Cover Two Vehicles up to 7 years old / 80,000 miles at time of sale

This document explains what components are covered and what components are not covered by your warranty. Please keep this in the back of your Black Horse Motor Warranty Handbook.

#### **The Insurer's liability**

The most the Insurer will pay for each individual claim is confirmed in the welcome letter accompanying this document. This will include VAT in total for each claim and the cost of vehicle recovery and/or vehicle hire charges. In the event of more than one claim arising during the warranty period, the Insurer will only pay up to the total value of the vehicle's purchase price in aggregate. The Insurer will not pay the VAT part of any claim if you are registered for VAT.

#### **What is covered**

Provided that the terms and conditions of this policy are fully complied with, the following specifically listed components and associated labour costs are covered against mechanical and electrical breakdown.

**Braking System** - Brake limiter valve, calipers, master cylinder, servo, vacuum pump and wheel cylinders

**Casings** - Engine, final drive, gearbox and transmission casings

**Central Locking** - Solenoids, locking motors, door locks and electronic control units

**Clutch** - Clutch cover, clutch fork and pivot, clutch plate, master cylinder, slave cylinder and thrust bearing

**Consumables** - Oil, oil filter, gaskets, brake fluid and antifreeze due to the failure of a covered component.

All other consumables are not covered

**Cooling System** - Radiator, thermostat, thermostat housing, viscous fan coupling and water pump

Warranty that works

blackhorse

## Warranty that works

**Differential** - CV joints, cross shafts, crown wheel and pinion, differential, drive shafts, half shafts, pinion carrier bearings, propshaft, sun and planet gears, universal joints, washers and spacers

**Electrics** - Alternator, ignition coil, computers, cooling fan motor, distributor, electric window motors, electronic ignition system, headlamp wiper motors, heated front and rear screen elements, glow plugs, heating fan motor, horn, indicator unit, relays, starter motor and windscreen wiper motors (front and rear), sunroof motor and switches

**Engine** - Camshaft, camshaft followers, camshaft pulleys, conrods and bearings, crankshaft and bearings, cylinder bores, cylinder head, cylinder head gasket, flywheel, gudgeon pins, oil pump, pistons and rings, push rods, rocker assembly, starter ring gear, tappet gear, tensioners, timing belts, timing chains, timing gears, valves and guides

**Fuel System** - Throttle body, chokes, electrical components, fuel pump, fuel gauge, fuel injection system and tank sender unit

**Gearbox** - Automatic gearbox internal components, electric governor, manual gearbox internal components, oil cooler, overdrive unit and torque convertor

**Oil Seals and Gaskets** - Any which require the removal of a major component i.e. engine, gearbox and/or differential

**Steering and Suspension** - Idler box, PAS pump, EPS motor, PAS rack, pressure pipes, rack and pinion, reservoir and steering box, coil springs, wishbones, ball-joints, hydrostatic displacer units, suspension arms and torsion bars, anti roll bars

**Wheel Bearings** - Wheel bearings only (not hubs)

### Option Pack

If you have purchased the option pack (this will be indicated on your Welcome letter) the following components will also be covered:

**ABS** - ABS module, sensor and pump

**Air Conditioning** - Pump/compressor and condenser

**Catalytic Convertor** - Convertor only (accident damage excluded)

**Turbo Unit** - Turbo Unit, including wastegate

### Important

Unless listed above, all other parts are excluded from the cover provided by this insurance

### What is not covered

Whilst you have a high level of warranty cover available, there are certain items which this warranty specifically does not cover and these are listed below:

- Any non-factory fitted component, such as an alarm, immobiliser, tracking device, LPG conversion, etc
- Body components such as strikers, hinges or any component which may require adjustment from time to time
- Body panels, paintwork and glass
- Interior trim including seats and seat belts
- Recharging of the air conditioning unit (unless required as part of a valid repair)
- Renewal of brake components due to wear and tear
- Renewal of any clutch components due to incorrect adjustment, misuse or fair wear and tear
- Fuel injectors and fuel lines
- The clearing of fuel lines, filters, throttle body and pumps and damage caused to covered components by the use of incorrect or contaminated fuel
- Airbags, batteries, bulbs, exhaust systems, water ingress (including damage to covered parts caused by water ingress)
- Oil leaks, which do not require the removal of the engine gearbox and / differential, filter elements and any damage caused by frost or lack of anti-freeze, impact or negligence
- Traffic management system, satellite navigation system, telephone, TV and associated equipment of all types
- Radio cassette, CD players or any other in-car entertainment component
- The gradual reduction in operating performance (wear and tear) due to the age and mileage of the covered vehicle
- Normal maintenance services, and the replacement of such items as, but not limited to, spark plugs, plug leads, wiring looms
- Any loss caused directly or indirectly by the claim or the event that caused the claim
- Burnt out, sticking or pitted valves
- Damage resulting from the failure of a timing belt which has not been replaced as per the manufacturer's recommendations

Please note that oil, oil filter, gaskets, antifreeze and brake fluid required due to the failure of a covered component are covered.
